

Accounts Payable Automation: Overview

ONE PLATFORM FOR EVERY PAYABLE: AUTOMATE YOUR AP FROM INVOICE THROUGH RECONCILIATION

Stop using multiple systems and re-keying data to pay your vendors. Manage everything within one platform and free up time to prioritize and optimize spend.

A simpler way to pay

End error-prone, repetitive AP tasks

Save time and increase productivity with automatically created payables that are matched to your vendor record.

Wave goodbye to reconciling by hand

From the time you pay your bill through to reconciliation, you don't need to do a thing. Ensure accuracy and simplify your bank reconciliation process with payments automatically matched and cleared.

Turn AP into a profit center

Deliver value to your organization with cash-back rebates* on virtual cards and real-time cash flow visibility.

Spend smarter—not harder

Quickly prioritize bills to pay and stay within budget while taking advantage of early-pay discounts and open credit memos. Easily create a payment batch and send them for review. Upon approval, request for payment is automatically sent to your bank and distributed based on your vendor's preferred payment method* of virtual card, ACH, or check—all from within Accounting Seed.

Mitigate risk of payment fraud

Eliminate the risk of fraud that comes with manually processing checks while leveraging built-in controls such as duplicate invoice detection, robust platform security and audit trails, as well as automation and workflows. In addition, all payments are fully encrypted and secure, with virtual cards offering even more protection and controls.

Automate your AP today

Check Accounts Payable off your to-do list. Let Accounting Seed help you take advantage of everything automation can do for your organization. [Send us an email](#) to learn more.

Does your AP Team struggle with:

- Multiple systems to pay bills?
- Poor cashflow management?
- High AP processing costs?
- Errors & inefficiencies?
- Reconciliation headaches?
- Risk of payment fraud?

Set a new standard with AP Automation

**Features and rates available in conjunction with our vendor-payments processor, Edenred Pay. Rebates available on qualifying spend. Ask for details.*
